

A new and innovative product – same great service and delivery

- Shafts are made of pultruded fiberglass, designed to be lightweight, load-bearing and easy to install.
- Caps and bases are made from the same high-tech material pultruded into mouldings that are mitered and assembled at the factory.
- Ideal for both interior and exterior use, these Tuscan-look columns can easily be trimmed to length on the jobsite.
- Cap and base set includes neck moulding (installed by customer) and installation hardware (L-brackets and screws).
- Split columns are not load bearing.
- Shafts come fully boxed, cap and base sets are boxed separately.
- Net size of outside diameter is approximately 3/8" less than nominal.

January 2007

| Nominal Size | Style | Weight | Item Number | List Price | Load Capacity |
|-------------------------|-----------------------------|--------|-------------|------------|---------------|
| Unfluted Columns | | | | | |
| 8" X 6' | Square Non-Tapered | 22 | 40806SLW | 151.53 | 5,000 |
