

Porch posts add charm and personality to walkways, landings, decks and porches. They are turned from finger-jointed, kiln-dried Western wood species. All turned surfaces are sanded.

All stock Arndt & Herman Wood Porch Posts are:

- Surface treated with wood preservative
- Fully primed to facilitate painting
- Individually shrink-wrapped for your convenience
- Load-bearing

High-Impact Plinths

Recommended for all wood post installations. Plinths help prevent moisture damage to the post by keeping the post off the surface where moisture may collect. Also simplifies installation - may be used on top as well.
