Get Real!

Dried After-Treatment Lumber

Real Wood with Real Benefits!

- ❖ Resistant to rot decay and termite attack for decades
- ❖ Minimizes shrinkage
- ❖ Maximum preservative fixation in the wood
- ❖ Maximum strength and stiffness
- ❖ Safer, cleaner and lighter
- ❖ Easy to handle and work with
- ❖ Easily painted, stained or coated immediately
- ❖ Dark and light color finish coats are acceptable
- ❖ More economical than other high-end trim and decking products
- ❖ Minimizes checking or splitting compared to wet treated lumber
- ❖ Environmentally sound
